### Article XV.

*Destruction of facilities.*

A. In the event the premises and facility or a part thereof shall become damaged or destroyed by fire, explosion, or other casualty, and if the Commissioner determines in his sole judgment that said damages can be repaired within a reasonable time, upon notification thereof, the Operator agrees to submit plans and specifications for approval by the Commissioner, which are necessary to restore the premises and facility to the condition which existed prior to said damage, and agrees to make all repairs according to said plans and specifications after approval by the Commissioner. Failure of the Operator to submit said plans and specifications to the Commissioner within ten (10) days after the casualty above described, or failure to commence said restoration work within five (5) days after the Operator has received the plans and specifications as approved by the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

B. The cost of such repairs and restoration described in this Article shall be paid from the funds received by the City and Operator under insurance policies to the extent said costs are thereunder covered. Should any balance of costs remain which are not covered by said insurance policies, fifty (50) percent of said balance shall be paid by the City and fifty (50) percent shall be paid by the Operator.

C. Notwithstanding the foregoing provisions, in the event of a casualty described in Paragraph A of this Article, the Commissioner may elect, in his sole judgment, to consider said premises and facility beyond repair and refuse to permit the repair, reconstruction or restoration of said premises and facility, and upon written notice of said election from the Commissioner to the Operator within thirty (30) days from the date of said casualty, the obligation of the operator to pay such rent and charges as are hereinafter reserved to the City shall cease and this Agreement shall thereupon terminate; provided, however, that all rents and charges theretofore accrued shall remain due and payable by the Operator forthwith.

### Article XVI.

*Indemnification.*

The Operator shall assume all risks incident to or in connection with his business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatsoever kind or nature as may be sustained by any persons or property and the Operator shall indemnify, defend and save harmless the City, its officers, agents and employees from any and all claims, suits, losses or damages arising from said accidents or injuries of whatsoever kind or nature, arising directly or indirectly out of the operation of said business, or resulting from the carelessness, negligence or improper conduct of the City, Operator or any of their officers, agents or employees. Said Operator shall also indemnify, defend and save harmless the City, its officers, agents and employees from any penalties for violation of any law, statute, ordinance or regulation affecting its operations.

### Article XVII.

*Operator's Performance Bond.*

The Operator shall deliver to the City at the time of or prior to the execution of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the City Comptroller and the Corporation Counsel in the amount of $500.00. Said bond shall be conditioned upon the full and faithful performance by the Operator of each and every covenant, promise, term, condition, undertaking and agreement set forth in this Agreement.

### Article XVIII.

*Parking fees and charges.*

The Operator hereby agrees to charge for parking vehicles on the premises and facility first hereinabove described the following fees, rates and charges, during the term of this Agreement:

A. *Transient.*

| | |
|---|---|
| First twenty minutes | $0.05 |
| Second twenty minutes | 0.05 |
| Third twenty minutes | 0.05 |
| Each hour thereafter | 0.10 |

B. *Monthly.*

| | |
|---|---|
| For each one-month period | $10.00 |

C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 43 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthy payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 43 will be approximately $100.00 and that the Operator's annual reimbursable expense will be approximately $2,540.00 making the total annual payment to the Operator to be approximately $2,640.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $220.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 43 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: G. and J. CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

The Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Louis E. Alport d/b/a, L. E. Alport and Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

5230 South Lake Park Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 44.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. All alterations and additions shall remain as part of said premises and facility unless the City shall otherwise elect, as evidenced by prior approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

To supervise, direct and manage the activities of his employees in such manner as to provide prompt, safe, efficient and courteous services as will be adequate to meet all reasonable demands for parking services on the premises and facility, and to provide a sufficient number of said employees as to enable such services to be provided at all times of the operation of said facility.
2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. The color and design of said uniforms, caps and badges shall be first approved in writing signed by the Commissioner.

Said insurance shall be placed only with such insurance companies as are approved from time to time by the City Comptroller.

The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,210.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense satement reflecting actual expenses incurred within said quarter. A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### ARTICLE XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 45 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 45 will be approximately $930.00 and that the Operator's annual reimbursable expense will be approximately $9,750.00 making the total annual payment to the Operator to be approximately $10,680.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $890.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarerly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 45 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

6340 North Campbell Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 46.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 46 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 46 will be approximately $1,900.00 and that the Operator's annual reimbursable expense will be approximately $14,420.00 making the total annual payment to the Operator to be approximately $16,320.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,360.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 46 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

## Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

## Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

## Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ......................... day of .................................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City), and Ralph E. Albrecht d/b/a Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

9140 South Exchange Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 48.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 48 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 48 will be approximately $4,100.00 and that the Operator's annual reimbursable expense will be approximately $13,900.00 making the total annual payment to the Operator to be approximately $18,000.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,500.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 48 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ...................... day of ............................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Ralph E. Albrecht, d/b/a, Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

> 4014 North Laporte Avenue, Chicago, Illinois known as City of Chicago Parking Facility No. 49.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

#### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. #### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

#### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

#### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 49 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 49 will be approximately $980.00 and that the Operator's annual reimbursable expense will be approximately $7,780.00 making the total annual payment to the Operator to be approximately $8,760.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $730.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 49 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. ### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and inconsideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

4705 South Justine Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 54.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 54 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 54 will be approximately $300.00 and that the Operator's annual reimbursable expense will be approximately $2,700.00 making the total annual payment to the Operator to be approximately $3,000.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $250.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 54 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand. whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..............................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as herein after set forth, with respect to the premises and parking facility described as follows:

> 4633 South Marshfield Avenue, Chicago Illinois, known as City of Chicago Parking Facility No. 55.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the

City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator agrees and admits that no representations as to condition or repair have been made by the City or its officers, employees or agents, which are not herein expressed or endorsed hereon, and that no promises to decorate, alter, repair or improve said premises, before, at or after the execution of this Agreement by the parties, not expressly contained herein, have been made by the City or its officers, employees or agents.

If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. Any such sign, billboard, poster, advertising material or similar devices not authorized by him may be removed by the City and all cost and expense resulting therefrom shall be charged to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses in addition to the rent and charges otherwise reserved in this Agreement. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

### Article VII.

F. Make minor necessary repairs to plumbing, lighting and heating equipment. It is agreed by and between the parties that the Commissioner in his sole judgment shall determine whether a repair is minor or otherwise.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

B. The Operator agrees further to do or cause to be done the following:

1. To supervise, direct and manage the activities of his employees in such manner as to provide prompt, safe, efficient and courteous services as will be adequate to meet all reasonable demands for parking services on the premises and facility, and to provide a sufficient number of said employees as to enable such services to be provided at all times of the operation of said facility.
2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. The color and design of said uniforms, caps and badges shall be first approved in writing signed by the Commissioner.

### Article XIV.

*Insurance.*

A. Said insurance shall be placed only with such insurance companies as are approved from time to time by the City Comptroller.

A. In the event the premises and facility or a part thereof shall become damaged or destroyed by fire, explosion, or other casualty, and if the Commissioner determines in his sole judgment that said damages can be repaired within a reasonable time, upon notification thereof, the Operator agrees to submit plans and specifications for approval by the Commissioner, which are necessary to restore the premises and facility to the condition which existed prior to said damage, and agrees to make all repairs according to said plans and specifications after approval by the Commissioner. ### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 55 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 55 will be approximately $540.00 and that the Operator's annual reimbursable expense will be approximately $3,960.00 making the total annual payment to the Operator to be approximately $4,500.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $375.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 55 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

*Construction of Agreement.*

It is agreed by and between the parties hereto that all general provisions, terms, phrases, and expressions shall be subject to rules of construction as will fully implement the true intent and meaning of the parties to this Agreement, including, but not limited to, the following:

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

4747 South Marshfield Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 56.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 56 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

(1) It is estimated that the Operator's yearly management fee for Facility No. 56 will be approximately $2,200.00 and that the Operator's annual reimbursable expense will be approximately $13,400.00 making the total annual payment to the Operator to be approximately $15,600.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,300.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly

reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 56 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator agrees and admits that no representations as to condition or repair have been made by the City or its officers, employees or agents, which are not herein expressed or endorsed hereon, and that no promises to decorate, alter, repair or improve said premises, before, at or after the execution of this Agreement by the parties, not expressly contained herein, have been made by the City or its officers, employees or agents.

### Article IV.

*Future condition of premises.*

The Operator shall keep the premises, facility and appurtenances first hereinabove described in a safe, sanitary and sightly condition, and in good repair, and shall yield the same back to the City upon the termination of this Agreement in such condition and repair, ordinary wear and tear excepted. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. Any such sign, billboard, poster, advertising material or similar devices not authorized by him may be removed by the City and all cost and expense resulting therefrom shall be charged to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses in addition to the rent and charges otherwise reserved in this Agreement. The City hereby reserves the right to erect and maintain such signs or billboards on the premises and facility, from time to time, as the Commissioner may deem advisable.

### Article VI.

*Alterations and additions.*

The Operator shall make no alterations or additions to the premises and facility first hereinabove described without the prior consent of the City as evidenced by approval in writing signed by the Commissioner. All alterations and additions shall remain as part of said premises and facility unless the City shall otherwise elect, as evidenced by prior approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

F. Make minor necessary repairs to plumbing, lighting and heating equipment. It is agreed by and between the parties that the Commissioner in his sole judgment shall determine whether a repair is minor or otherwise.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

B. The Operator agrees further to do or cause to be done the following:

1. To supervise, direct and manage the activities of his employees in such manner as to provide prompt, safe, efficient and courteous services as will be adequate to meet all reasonable demands for parking services on the premises and facility, and to provide a sufficient number of said employees as to enable such services to be provided at all times of the operation of said facility.
2. To cause and require all employees serving as attendants on the premises and facility to

wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. The color and design of said uniforms, caps and badges shall be first approved in writing signed by the Commissioner.

### Article XIV.

*Insurance.*

Said insurance shall be placed only with such insurance companies as are approved from time to time by the City Comptroller.

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 57 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 57 will be approximately $300.00 and that the Operator's annual reimbursable expense will be approximately $3,000.00 making the total annual payment to the Operator to be approximately $3,300.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $275.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 57 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: G. and J. Parking, 9443 South Eberhart Avenue, Chicago, Illinois 60619, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United State Post Office.

### Article XXV.

*Construction of Agreement.*

It is agreed by and between the parties hereto that all general provisions, terms, phrases, and expressions shall be subject to rules of construction as will fully implement the true intent and meaning of the parties to this Agreement, including, but not limited to, the following:

This Agreement, made this ........................ day of ................................., A.D. 19......, between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. Parking (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

6315 South Evans Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 58.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. ### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 58 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 58 will be approximately $720.00 and that the Operator's annual reimbursable expense will be approximately $6,360.00 making the total annual payment to the Operator to be approximately $7,080.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $590.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 58 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: G. and J. CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Ralph E. Albrecht d/b/a, Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and inconsideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

7150 West Medill Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 59.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

Article I.

*Definition of terms.*

Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator agrees and admits that no representations as to condition or repair have been made by the City or its officers, employees or agents, which are not herein expressed or endorsed hereon, and that no promises to decorate, alter, repair or improve said premises, before, at or after the execution of this Agreement by the parties, not expressly contained herein, have been made by the City or its officers, employees or agents.

### Article IV.

*Future condition of premises.*

The Operator shall keep the premises, facility and appurtenances first hereinabove described in a safe, sanitary and sightly condition, and in good repair, and shall yield the same back to the City upon the termination of this Agreement in such condition and repair, ordinary wear and tear excepted. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. The City hereby reserves the right to erect and maintain such signs or billboards on the premises and facility, from time to time, as the Commissioner may deem advisable.

### Article VI.

The Operator shall make no alterations or additions to the premises and facility first hereinabove described without the prior consent of the City as evidenced by approval in writing signed by the Commissioner. All alterations and additions shall remain as part of said premises and facility unless the City shall otherwise elect, as evidenced by prior approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

### Article VII.

*Maintenance by Operator.*

The Operator agrees to maintain the premises and facility, advancing funds therefor, reimbursement being subject to all provisions of this Agreement, from day to day in good condition and repair and agrees to do all things necessary toward that end, particularly, but not limited to, the following:

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 59 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 59 will be approximately $680.00 and that the Operator's annual reimbursable expense will be approximately $7,480.00 making the total annual payment to the operator to be approximately $8,160.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $680.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 59 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

## Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

## Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

## Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Safeway Parking Company, 4014 North Laporte Avenue, Chicago, Illinois 60641, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Ralph E. Albrecht d/b/a, Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and inconsideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

7165 West Altgeld Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 60.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

Article I.

*Definition of terms.*

Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

### Article XVIII.

The Operator hereby agrees to charge for parking vehicles on the premises and facility first hereinabove described the following fees, rates and charges, during the term of this Agreement:

A. *Transient.*

No day rates.

B. *Monthly.*

C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 60 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 60 will be approximately $480.00 and that the Operator's annual reimbursable expense will be approximately $900.00 making the total

annual payment to the Operator to be approximately $1,380.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $115.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 60 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Safeway Parking Company, 4014 North Laporte Avenue, Chicago, Illinois 60641, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. This Agreement, made this ....................... day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

> 1220 South Kedzie Avenue, Chicago, Illinois known as City of Chicago Parking Facility No. 61.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

A. In the event the premises and facility or a part thereof shall become damaged or destroyed by fire, explosion, or other casualty, and if the Commissioner determines in his sole judgment that said damages can be repaired within a reasonable time, upon notification thereof, the Operator agrees to submit plans and specifications for approval by the Commissioner, which are necessary to restore the premises and facility to the condition which existed prior to said damage, and agrees to make all repairs according to said plans and specifications after approval by the Commissioner. Failure of the Operator to submit said plans and specifications to the Commissioner within ten (10) days after the casualty above described, or failure to commence said restoration work within five (5) days after the Operator has received the plans and specifications as approved by the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

B. The cost of such repairs and restoration described in this Article shall be paid from the funds received by the City and Operator under insurance policies to the extent said costs are thereunder covered. Should any balance of costs remain which are not covered by said insurance policies, fifty (50) percent of said balance shall be paid by the City and fifty (50) percent shall be paid by the Operator.

C. Notwithstanding the foregoing provisions, in the event of a casualty described in Paragraph A of this Article, the Commissioner may elect, in his sole judgment, to consider said premises and facility beyond repair and refuse to permit the repair, reconstruction or restoration of said premises and facility, and upon written notice of said election from the Commissioner to the Operator within thirty (30) days from the date of said casualty, the obligation of the Operator to pay such rent and charges as are hereinafter reserved to the City shall cease and this Agreement shall thereupon terminate; provided, however, that all rents and charges theretofore accrued shall remain due and payable by the Operator forthwith.

### Article XVI.

Said Operator shall also indemnify, defend and save harmless the City, its officers, agents and employees from any penalties for violation of any law, statute, ordinance or regulation affecting its operations.

Said bond shall be conditioned upon the full and faithful performance by the Operator of each and every covenant, promise, term, condition, undertaking and agreement set forth in this Agreement.

### Article XVIII.

The Operator hereby agrees to charge for parking vehicles on the premises and facility first hereinabove described the following fees, rates and charges, during the term of this Agreement:

A. *Transient.*

| | |
|---|---|
| First twenty minutes | $0.10 |
| Second twenty minutes | 0.10 |
| Third twenty minutes | 0.10 |
| Each hour thereafter | 0.10 |

B. *Monthly.*

| | |

It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 61 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 61 will be approximately $1,400.00 and that the Operator's annual reimbursable expense will be approximately $22,480.00 making the total annual payment to the Operator to be approximately $23,880.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,990.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis

for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 61 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: G. and J. CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as

"City"), and Henry C. Frenzel (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and inconsideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

2816 North Kimball Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 64.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

### Article II.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

### Article XV.

*Destruction of facilities.*

A. In the event the premises and facility or a part thereof shall become damaged or destroyed by fire, explosion, or other casualty, and if the Commissioner determines in his sole judgment that said damages can be repaired within a reasonable time, upon notification thereof, the Operator agrees to submit plans and specifications for approval by the Commissioner, which are necessary to restore the premises and facility to the condition which existed prior to said damage, and agrees to make all repairs according to said plans and specifications after approval by the Commissioner. Failure of the Operator to submit said plans and specifications to the Commissioner within ten (10) days after the casualty above described, or failure to commence said restoration work within five (5) days after the Operator has received the plans and specifications as approved by the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

B. The cost of such repairs and restoration described in this Article shall be paid from the funds received by the City and Operator under insurance policies to the extent said costs are thereunder covered. Should any balance of costs remain which are not covered by said insurance policies, fifty (50) percent of said balance shall be paid by the City and fifty (50) percent shall be paid by the Operator.

C. Notwithstanding the foregoing provisions, in the event of a casualty described in Paragraph A of this Article, the Commissioner may elect, in his sole judgment, to consider said premises and facility beyond repair and refuse to permit the repair, reconstruction or restoration of said premises and facility, and upon written notice of said election from the Commissioner to the Operator within thirty (30) days from the date of said casualty, the obligation of the Operator to pay such rent and charges as are hereinafter reserved to the City shall cease and this Agreement shall thereupon terminate; provided, however, that all rents and charges theretofore accrued shall remain due and payable by the Operator forthwith.

### Article XVI.

The Operator shall assume all risks incident to or in connection with his business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatsoever kind or nature as may be sustained by any persons or property and the Operator shall indemnify, defend and save harmless the City, its officers, agents and employees from any and all claims, suits, losses or damages arising from said accidents or injuries of whatsoever kind or nature, arising directly or indirectly out of the operation of said business, or resulting from the carelessness, negligence or improper conduct of the City, Operator or any of their officers, agents or employees. Said Operator shall also indemnify, defend and save harmless the City, its officers, agents and employees from any penalties for violation of any law, statute, ordinance or regulation affecting its operations.

### Article XVII.

The Operator shall deliver to the City at the time of or prior to the execution of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the City Comptroller and the Corporation Counsel in the amount of $1,000.00. Said bond shall be conditioned upon the full and faithful performance by the Operator of each and every covenant, promise, term, condition, undertaking and agreement set forth in this Agreement.

### Article XVIII.

The Operator hereby agrees to charge for parking vehicles on the premises and facility first hereinabove described the following fees, rates and charges, during the term of this Agreement:

A. *Transient.*

| | |
|---|---|
| First half hour | $0.10 |
| Second half hour | 0.10 |
| Each hour thereafter | 0.10 |

B. *Monthly.*

| | |
|---|---|
| For each one-month period | $10.00 |

C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 64 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 64 will be approximately $1,000.00 and that the Operator's annual reimbursable expense will be approximately $12,500.00 making the total annual payment to the Operator to be approximately $13,500.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,125.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 64 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Henry C. Frenzel (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and inconsideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

2630 North Emmett Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 65.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

Should any balance of costs remain which are not covered by said insurance policies, fifty (50) percent of said balance shall be paid by the City and fifty (50) percent shall be paid by the Operator.

C. Notwithstanding the foregoing provisions, in the event of a casualty described in Paragraph A of this Article, the Commissioner may elect, in his sole judgment, to consider said premises and facility beyond repair and refuse to permit the repair, reconstruction or restoration of said premises and facility, and upon written notice of said election from the Commissioner to the Operator within thirty (30) days from the date of said casualty, the obligation of the Operator to pay such rent and charges as are hereinafter reserved to the City shall cease and this Agreement shall thereupon terminate; provided, however, that all rents and charges theretofore accrued shall remain due and payable by the Operator forthwith.

B. *Monthly.*

C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 65 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 65 will be approximately $960.00 and that the Operator's annual reimbursable expense will be approximately $12,000.00 making the total annual payment to the Operator to be approximately $12,960.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,080.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 65 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustmnet and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

## Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..............................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Henry C. Frenzel (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

> 2512 North Willets Court, Chicago, Illinois, known as City of Chicago Parking Facility No. 66.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 66 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 66 will be approximately $270.00 and that the Operator's annual reimbursable expense will be approximately $3,270.00 making the total annual payment to the Operator to be approximately $3,540.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $295.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 66 are increased and are to take effect at any time during the period of this Agrement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Councitl and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

## Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 67 will be approximately $260.00 and that the Operator's annual reimbursable expense will be approximately $3,280.00 making the total annual payment to the Operator to be approximately $3,540.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $295.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 67 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Henry C. Frenzel, 3100 West Lake Avenue, Glenview, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

It is agreed by and between the parties hereto that all general provisions, terms, phrases, and expressions shall be subject to rules of construction as will fully implement the true intent and meaning of the parties to this Agreement, including, but not limited to, the following:

A. Words importing the singular number may extend and be applied to several persons or things, and words importing the plural number may include the singular.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Henry C. Frenzel (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

3620 West Oakdale Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 68.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. All alterations and additions shall remain as part of said premises and facility unless the City shall otherwise elect, as evidenced by prior approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. The color and design of said uniforms, caps and badges shall be first approved in writing signed by the Commissioner.

The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 68 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 68 will be approximately $340.00 and that the Operator's annual reimbursable expense will be approximately $3,260.00 making the total annual payment to the Operator to be approximately $3,600.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $300.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject

to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 68 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

820 North Marshfield Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 69.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

## Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

## Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

## Article III.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

(1) It is estimated that the Operator's yearly management fee for Facility No. 69 will be approximately $1,750.00 and that the Operator's annual reimbursable expense will be approximately $11,450.00 making the total annual payment to the Operator to be approximately $13,200.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,100.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 69 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of .................................., A.D. 19......, between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. Parking (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

2006 East 72nd Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 71.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. All alterations and additions shall remain as part of said premises and facility unless the City shall otherwise elect, as evidenced by prior approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget period. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 71 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 71 will be approximately $300.00 and that the Operator's annual reimbursable expense will be approximately $3,900.00 making the total annual payment to the Operator to be approximately $4,200.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $350.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 71 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

## Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

## Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

## Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the

City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. ### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ...................... day of ........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. Parking (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

1533 East 67th Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 72.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 72 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 72 will be approximately $470.00 and that the Operator's annual reimbursable expense will be approximately $5,650.00 making the total annual payment to the Operator to be approximately $6,120.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $510.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 72 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation and supplemental agreement by and between said parties shall be drawn for the approvel of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: G. and J. Parking, 9443 South Eberhart Avenue, Chicago, Illinois 60619, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

*Construction of Agreement.*

It is agreed by and between the parties hereto that all general provisions, terms, phrases, and expressions shall be subject to rules of construction as will fully implement the true intent and meaning of the parties to this Agreement, including, but not limited to, the following:

A. Words importing the singular number may extend and be applied to several persons or things, and words importing the plural number may include the singular.

B. Words importing the masculine gender may be applied to the feminine gender and to impersonal legal entities.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..............................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Ralph E. Albrecht d/b/a, Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

5600 West Lake Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 84.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator agrees and admits that no representations as to condition or repair have been made by the City or its officers, employees or agents, which are not herein expressed or endorsed hereon, and that no promises to decorate, alter, repair or improve said premises, before, at or after the execution of this Agreement by the parties, not expressly contained herein, have been made by the City or its officers, employees or agents.

### Article IV.

*Future condition of premises.*

The Operator shall keep the premises, facility and appurtenances first hereinabove described in a safe, sanitary and sightly condition, and in good repair, and shall yield the same back to the City upon the termination of this Agreement in such condition and repair, ordinary wear and tear excepted. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. Any such sign, billboard, poster, advertising material or similar devices not authorized by him may be removed by the City and all cost and expense resulting therefrom shall be charged to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses in addition to the rent and charges otherwise reserved in this Agreement. The City hereby reserves the right to erect and maintain such signs or billboards on the premises and facility, from time to time, as the Commissioner may deem advisable.

### Article VI.

*Alterations and additions.*

The Operator shall make no alterations or additions to the premises and facility first hereinabove described without the prior consent of the City as evidenced by approval in writing signed by the Commissioner. All alterations and additions shall remain as part of said premises and facility unless the City shall otherwise elect, as evidenced by prior approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

### Article VII.

*Maintenance by Operator.*

F. Make minor necessary repairs to plumbing, lighting and heating equipment. It is agreed by and between the parties that the Commissioner in his sole judgment shall determine whether a repair is minor or otherwise.
G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

The Operator agrees further that in performing the covenants, promises and conditions under this Agreement, he shall not discriminate against any worker, employee or applicant, nor against any member of the public, on account of race, creed, color or national origin, nor otherwise commit an unfair employment practice.

B. The Operator agrees further to do or cause to be done the following:

1. To supervise, direct and manage the activities of his employees in such manner as to provide prompt, safe, efficient and courteous services as will be adequate to meet all reasonable demands for parking services on the premises and facility, and to provide a sufficient number of said employees as to enable such services to be provided at all times of the operation of said facility.
2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. The color and design of said uniforms, caps and badges shall be first approved in writing signed by the Commissioner.

### Article XIV.

*Insurance.*

A. The City, at the time or prior to the execution of this Agreement, agrees to furnish all the insurance required under this Agreement and this Article, to be paid from the revenues resulting from the operation of the facility first hereinabove described. Said insurance shall be placed only with such insurance companies as are approved from time to time by the City Comptroller.

B. Each such insurance policy as set forth in this Article shall contain a provision to the effect that said insurance cannot be cancelled unless the City Comptroller has been notified not less than thirty (30) days prior to the intended cancellation date.

C. In the event that any additional premiums or audits shall be required, the same shall be paid by the City of Chicago from the revenues resulting from the operation of said facility; any return premiums or audits shall be paid to the City of Chicago, for deposit into an appropriate revenue fund.

D. The insurance to be provided as set forth in this Article shall include the following coverages to be maintained during the life of this Agreement:

*Destruction of facilities.*

A. In the event the premises and facility or a part thereof shall become damaged or destroyed by fire, explosion, or other casualty, and if the Commissioner determines in his sole judgment that said damages can be repaired within a reasonable time, upon notification thereof, the Operator agrees to submit plans and specifications for approval by the Commissioner, which are necessary to restore the premises and facility to the condition which existed prior to said damage, and agrees to make all repairs according to said plans and specifications after approval by the Commissioner. Failure of the Operator to submit said plans and specifications to the Commissioner within ten (10) days after the casualty above described, or failure to commence said restoration work within five (5) days after the Operator has received the plans and specifications as approved by the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 84 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 84 will be approximately $1,920.00 and that the Operator's annual reimbursable expense will be approximately $7,500.00 making the total annual payment to the Operator to be approximately $9,420.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $785.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 84 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Safeway Parking Company, 4014 North Laporte Avenue, Chicago, Illinois 60641, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have given when deposited in any United States Post Office.

Article XXV.

# MISCELLANEOUS BUSINESS.

### CHICAGO MEDAL OF MERIT AWARDED TO MR. AND MRS. GEORGE PLAMONDON.

Honorable Richard J. Daley, Mayor, presented two distinguished citizens, Mr. and Mrs. George Plamondon who he said had performed an act which he hoped every citizen would perform in every neighborhood in our City. The couple had witnessed an old man being attacked, and unlike others, they had not turned their backs and walked the other way, but had gone to his assistance, pursuing his assailants until their arrest had been secured. The Mayor stated that with the approval and support of all Chicagoans he was presenting the Chicago Medal of Merit and read the inscription on the back which said: "Mr. and Mrs. George Plamondon—they were not apathetic when a fellow citizen needed help". He spoke of the possible personal injury that could have been incurred, making them an example for all Chicagoans. He expressed his appreciation on behalf of all citizens for their heroic act.

The Mayor called upon Mr. Plamondon to address the Council, who stated that he and his wife considered it an honor and an opportunity to have been of assistance. Sergeant Hobson in addressing the Council stated that he was at a loss for words but he assured the Mayor and the Aldermen that he accepted the Medal of Merit not only for himself but also for the comrades he had left back in Viet Nam. He told of how in his early youth he had lived the only way of life he knew, that without the assistance he had received, he might still be struggling to find the way of life that he and his associates were seeking. He spoke of what he considered to be the world's biggest problem, discrimination, which he found not only in Chicago but also in Viet Nam and he pleaded that one day soon there would be an end to this evil all over the world. He spoke of his intention to finish his education and hoped that then he could help with the world's problems and perhaps find some solutions to those problems.

In conclusion, Honorable Richard J. Daley, stated that he knew of Sergeant Hobson's plans to continue his education and hoped that when he finished his high school program in Germany he would see fit to attend a college in the Chicago area where there were many fine schools to choose from.

As Sergeant Hobson left the Chamber he was warmly applauded by all present.

### *CITY COUNCIL INFORMED AS TO CERTAIN ACTIONS TAKEN.*

#### *Pamphlet Publication of Ordinances.*

The City Clerk informed the City Council that all those ordinances which were passed by the City Council on January 5, 1970 and which were required by statute to be published in book or pamphlet form or in one or more newspapers, were published in pamphlet form on January 19, 1970 by being printed in full text in printed pamphlet copies of the Journal of the Proceedings of the City Council of the regular meeting held on January 5, 1970 [published by authority of the City Council in accordance with the provisions of Section 5-5 of the Municipal Code of Chicago, as passed on December 22, 1947], which printed pamphlet copies were delivered to the City Clerk on January 19, 1970.

### *MISCELLANEOUS COMMUNICATIONS, REPORTS, ETC. REQUIRING COUNCIL ACTION (TRANSMITTED TO CITY COUNCIL BY CITY CLERK).*

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

*Monthly Report of Board of Health (Dept. of Medical Examination and Emergency Treatment).*

The report of the Board of Health (Department of Medical Examination and Emergency Treatment) for the month of December, 1969.—*Placed on File.*

*City Treasurer's Annual Report for Year 1969.*

Also the Annual Report for the year ended December 31, 1969, submitted by Marshall Korshak, City Treasurer.—*Placed on File.*

*Court Decisions.*

Also communications from the Law Department addressed to the City Council, signed by Howard C. Golden and John J. George, Assistants Corporation Counsel, and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

*Theodore A. Allen v. Board of Appeals of Chicago and The City of Chicago. Appellate Court of Illinois, First District, Case No. 53376.* On December 31, 1969, the Appellate Court upheld the Board of Appeal's denial of a permit to Allen which would have allowed multiple dwelling units in an area zoned for and devoted to business uses.

*Daley v. Jack's Tivioli Lounge et al. Illinois Appellate Court No. 52837.* On December 24, 1969, the Illinois Appellate Court sustained the revocation of a liquor license because the bartender permitted solicitation for prostitution on the licensed premises. Significant in the Court's decision was the abandonment of a long series of cases which allowed the reviewing court to hold in favor of the party who filed briefs, without a decision on the merits of the opposing party who failed to file briefs. The Court held that it would not reverse the trial court without considering the merits, where briefs were not filed.

*Nathan Dvorson, plaintiff-appellee vs. City of Chicago, et al., defendants-appellants, Appellate Court of Illinois, First District No. 53949.* On January 8, 1970, the Appellate Court of Illinois rejected an effort by City officials to revoke a building permit. The City contended the construction had not begun within six months as required by the ordinance but the Court held that surveying the land and implanting stakes for a specific building constituted construction within the terms of the ordinance.

*People ex rel Cronin vs. Cahill et al., Illinois Appellate Court No. 52785.* On December 31, 1969, the Illinois Appellate Court rendered a supplementary opinion (See C. J., September 5, 1969, p. 5968 for earlier opinion) giving further reasons for rejecting a suit by a lieutenant in the Police Department seeking a higher efficiency rating in order to achieve promotion to captain. The earlier opinion held that the delay in filing suit (over two years after the Civil Service list for captain was posted) precluded suit. The supplemental opinion reaffirms the finding of delay and rejected Cronin's contention that the court erroneously considered an affidavit filed by the Personnel Director of the Police Department.

*Zoning Reclassifications of Particular Areas.*

Also applications (in triplicate) of the persons named below together with proposed ordinances for amendment of the Chicago Zoning Ordinance, as amended, for the purpose of reclassifying particular areas, which were *Referred to the Committee on Buildings and Zoning,* as follows:

14. *Default*. If Lessee with regard to any item or items of equipment fails to pay any rent or other amount herein provided within ten (10) days after the same is due and payable, or if Lessee with regard to any item or items of equipment fails to observe, keep or perform any other provision of this lease required to be observed, kept or performed by Lessee, Lessor shall have the right to exercise any one or more of the following remedies:

(c) To pursue any other remedy at law or in equity. Notwithstanding any said repossession, or any other action which Lessor may take, Lessee shall be and remain liable for the full performance of all obligations on the part of Lessee to be performed under this lease. All such remedies are cumulative, and may be exercised concurrently or separately.

19. *Non waiver*. No covenant or condition of this lease can be waived except by the written consent of Lessor. Forbearance or indulgence by Lessor in any regard whatsoever shall not constitute a waiver of the covenant or condition to be performed by Lessee to which the same may apply, and, until complete performance by Lessee of said covenant or condition, Lessor shall be entitled to invoke any remedy available to Lessor under this Lease or by law or in equity despite said forbearance or indulgence.

20. *Entire Agreement*. This instrument constitutes the entire agreement between Lessor and Lessee; and it shall not be amended, altered or

changed except by a written agreement signed by the parties hereto.

21. *Notices.* Service of all notices under this agreement shall be sufficient if given personally or mailed to the party involved at its respective address hereinbefore set forth, or at such address as such party may provide in writing from time to time. Any such notice mailed to such address shall be effective when deposited in the United States mail, duly addressed and with postage prepaid.

22. *Gender; Number.* Whenever the context of this lease requires, the masculine gender includes the feminine or neuter, and the singular number includes the plural; and whenever the word "Lessor" is used herein, it shall include all assignees of Lessor. If there is more than one Lessee named in this lease, the liability of each shall be joint and several.

23. *Titles.* The titles to the paragraphs of this lease are solely for the convenience of the parties, and are not an aid in the interpretation of the instrument.

24. *Time.* Time is of the essence of this lease and each and all of its provisions.

1. Give and grant to the City of Chicago an easement in and to and the right, privilege and authority to construct, maintain, clean, repair, alter, use and operate a storm sewer and appurtenances and a water main and appurtenances and to otherwise maintain said storm sewer and appurtenances and water main and appurtenances with right of access thereto upon and under a strip of land described as follows:

2. Agree that said easement is being granted upon substantially the following terms:

A. That Grantors and its successors, assigns, transferees and grantees reserve the right to use that strip of land for any purpose not inconsistent with the right and privileges granted to the City including the right to construct a roadway and walk upon said easement, provided however that the City have the right to dig up said roadway and walk for the purpose of maintaining the said storm sewer and appurtenances and water main and appurtenances and not be responsible for the repair or repaving of said walk and road.

F. That Grantor and its successors, assigns, transferees and grantees agree not to hold Grantee liable for damages to physical improvements within the easement tract, that may result from repair or maintenance of the easement storm sewer and/or appurtenances or easement water main and/or appurtenances and agree that Grantee need not repair any pavement that is damaged in connection with the same.

G. That all rights granted under this easement shall terminate if the City of Chicago abandon said easement storm sewer and appurtenances and water main and appurtenances.

Grantor, its successors, assigns, transferees and grantees agree to contribute towards the cost of such repairs but agree that their respective liability shall be prorata, that is, that it be proportionate to the number of lineal feet of frontage of land on the Private Street, owned by each owner along said private road and walk. The corporation's decision to repair or repave said road and walk shall be conclusive and that one or more of the respective owners of the said parcels of real estate may not interfere with the decision of the corporation.

5. Said Lien shall be a first and prior Lien to the Lien of any and all other encumbrances and may be foreclosed by the corporation as in the case of a Mechanic's Lien, which procedure is set forth in Chapter 82 of the Illinois Revised Statutes. Such Lien shall include reasonable attorney's fees and costs incurred in connection with the collection of the same. The remedy of foreclosure shall not be an exclusive remedy for the collection of such Lien and such prorata amount plus reasonable attorney's fees and costs may be collected in an ordinary action at law.

6. Agree that this agreement shall be recorded and shall be construed to be a covenant running with the land and shall be enforceable, not only by Grantor, its successors, assigns, transferees and grantees and the corporation who shall become parties to this agreement as hereinafter provided but also by the City of Chicago, who shall be a third party beneficiary of this agreement. For the purposes of this agreement only, acceptance of title shall be conclusively presumed by the recording (or registration) of a Deed or Deeds to any or all of the within described realty by or for the grantee named herein. Execution of the document by the corporation approving this agreement shall constitute an assumption of liability by the corporation of its obligations set forth in Paragraph 6 herein and also an acceptance of the sole and exclusive perpetual possession of the private road and walk by the corporation subject to the easements heretofore and herein granted.

7. Agree that Grantor, its successors, assigns, transferees, and grantees, including all mortgagees, and the corporation shall execute a document of dedication of the private road and walk to the City

of Chicago upon the request of the City of Chicago or the owner or owners of any one or more of the said parcels of real estate and that Grantor does hereby for itself, its successors, assigns, transferees, and grantees and all future mortgagees and for the corporation constitute Clarence E. 8. Agree that this agreement shall terminate upon the dedication of the said private road and walk to the City of Chicago and acceptance of said dedication by the City; provided that termination of this agreement upon dedication shall serve to release only future liability and shall not be construed to release any actual liability incurred prior to the acceptance of said dedication.

In Witness Whereof, the Oak Park Trust and Savings Bank, as Trustee under Trust No. 5911, as aforesaid and not personally, has caused these presents to be executed in its name and by its legally authorized corporate officers whose signatures are hereunto subscribed, and caused its corporate seal to be affixed hereunto on this 12th day of December, 1969.

AN ORDINANCE

Amending Section 4 of "An Ordinance authorizing the issue of $38,500,000 Redevelopment Bonds of the City of Chicago and providing for the levy of taxes for the payment thereof".

WHEREAS, On the 15th day of November, 1967, the City Council of the City of Chicago adopted an ordinance authorizing the issue of $38,500,000 Redevelopment Bonds of said City and providing for the levy of taxes to pay the same; and

WHEREAS, In and by Section 4 of said ordinance the City Comptroller was authorized to advertise for proposals for the purchase of said bonds and that the advertisement should provide that the bonds offered for sale shall bear interest not to exceed the rate set forth in the ordinance, and that the bonds so offered would be awarded by the City Comptroller to the purchaser offering to purchase the bonds at the lowest net interest cost to the City, provided that the acceptable bidder shall offer to pay not less than par and accrued interest for the bonds; and

WHEREAS, The ordinance authorizing the issuance of said bonds provided that the bonds bear interest at the maximum rate of four per cent (4%) per annum, which was the maximum rate of interest authorized for said bonds at the election held when a majority of the electors voting on the question approved such bonds and was the maximum rate authorized by statute authorizing the issuance of said bonds; and

WHEREAS, Pursuant to widely advertised notice, efforts for the sale of said bonds authorized by said ordinance have been made and the market conditions have been such that it has not been possible to find a purchaser for said bonds; and

WHEREAS, In order to expedite the sale of said bonds and to take advantage of rapidly fluctuating values in the municipal bond market, it is for the best interests of the City that the City Comptroller be authorized to use his best efforts and negotiate a contract for the sale of said bonds to a purchaser thereof on terms which, in his opinion, are for the best interests of the City and at a price of not less than par; and

WHEREAS, The work is in progress for which said bonds were authorized and it is imperative that the bonds be sold from time to time in order to promote the funds necessary to carry on such work; now, therefore,

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. That Section 4 of an ordinance entitled "An Ordinance authorizing the issue of $38,500,000 Redevelopment Bonds of the City of Chicago and providing for the levy of taxes for the payment thereof", adopted by the City Council of the City of Chicago on the 15th day of November, 1967, be and is hereby amended to read as follows:

> "SECTION 4. The bonds hereby authorized shall be executed as herein provided and thereupon shall be deposited for safekeeping under the direction and control of the City Comptroller and shall from time to time be sold and delivered by the City Comptroller as the proceeds are needed for the purpose for which the bonds are authorized, and the City Comptroller is hereby authorized to sell such bonds at a price of not less than par. Upon the sale of all or any part of the bonds herein authorized, the City Comptroller is further authorized and directed to deliver said bonds to the purchaser thereof upon receipt of the purchase price therefor in accordance with the contract for the sale of said bonds as entered into between the purchaser of said bonds and the City Comptroller, anything to the contrary notwithstanding in any of the provisions of the Code of the City of Chicago.
>
> If any or all of the bonds are sold bearing a rate of interest of less than four per cent (4%) per annum, the City Council shall adopt an ordinance which shall set out the amount of taxes to be extended and collected so as to produce in each of such years sufficient money for the payment of interest upon such bonds at such lesser interest rate as the same becomes due. ### *Court Decisions.*

Communications from the Law Department addressed to the City Council, signed by John J. George and Marsile J. Hughes, Assistants Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

> *Thaddeus L. Stevens, et al., Plaintiff-Appellee vs. City of Chicago, et al., Defendants-Appellants, Illinois Appellate Court No. 52374.* On January 12, 1970 the Illinois Appellate Court affirmed the judgment of the Circuit Court of Cook County which had issued an order vacating an earlier ruling which dismissed the case for want of prosecution. This was an action in tort commenced by the plaintiff on June 20, 1961. The parties had participated in discovery proceeding from 1961 to 1964, and when the cause appeared for pretrial neither party responded and the suit was dismissed for want of prosecution. Despite the dismissal, the case was on the call of another pretrial judge. Plaintiff's attorney learned of the earlier dismissal order which he later had vacated. After the dismissal order was vacated the parties appeared in court several times on various discovery and pretrial motions. When the cause was set for trial and a jury selected, the defendants filed a motion to dismiss and alleged that the court was without jurisdiction due to the fact that the cause was dismissed and could not be reinstated. A section 72 motion was filed by the plaintiff and objections were filed by defendants. After reviewing all the documents, it was determined that the order vacating an earlier dismissal order was proper. The central issue before the court on appeal was whether the trial court lost jurisdiction thirty days after the judgment dismissing the action and therefore was without jurisdiction to issue any vacating order. The Appellate Court held that the defendants by appearing without questioning the vacature or the court's jurisdiction, they waived their right to object to the propriety of the court's vacating order.
>
> *The People of the State of Illinois, ex rel. Hawkonsen et al., Petitioners-Appellees vs. James B. Conlisk, et al., Respondents-Appellants, Illinois Appellate Court No. 54368.* On January 19, 1970, the Appellate Court of Illinois filed an opinion in the above-entitled case, dismissing the petitioner's complaint for mandamus and reversing the interlocutory order of the Circuit Court which restrained the Superintendent of Police from filling any office of sergeant of police from a list posted on or after June 4, 1969.

### Resolution Adopted on Death of Raymond K. Fried, Alderman of 42nd Ward.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Almighty God, in His Infinite Wisdom, has called to his eternal reward on January 26, 1970, Raymond K. Fried, Alderman of the 42nd Ward; and
>
> WHEREAS, Alderman Fried was a native Chicagoan; a graduate of Englewood High School and a graduate of the University of Chicago and the University of Chicago Law School; in the course of 37 years of practice as an Attorney he served in many capacities; as Master In Chancery in the Circuit Court of Cook County; as Attorney, Director and Secretary-Treasurer of the Chicago Meat Packers Association; as Trustee and Secretary of the Beef Boners and Sausage Makers Health and Welfare Fund, Pension Fund and Medical Center; and
>
> WHEREAS, Alderman Fried, served his Country as a member of the Armed Services during World War II for a period of three years in the European Theatre of Operations; he participated in the invasion of France as the Executive Officer of the Psychological Warfare Division; he achieved the rank of Lt. Colonel serving on General Eisenhower's Staff; at the conclusion of the war he served as a representative at the Potsdam Conference; and
>
> WHEREAS, Alderman Fried was active in numerous charitable, civic, community and professional organizations including the Boy Scouts, American Legion, Chicago Bar Association and Little City; he was founder and President of the Armed Forces Communications and Electronics Association; he was President of the National Association of Colleges of Mortuary Science; and
>
> WHEREAS, During his period of service as a member of this Council, this Council has been conscious of Alderman Fried's personal integrity, quiet strength and deep devotion to the community which he served, qualities which gave assurance to all who knew him and lent dignity to any proceeding in which he took part; now, therefore,
>
> *Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 27th day of January, A.D. 1970, do hereby express their sorrow at the passing of Alderman Raymond K. Fried and extend to his widow their sincere sympathy; and
>
> *Be It Further Resolved,* That a suitable copy of this memorial resolution be presented to Alderman Fried's widow, Rosalind.

Alderman Keane moved to *Suspend the Rules Temporarily,* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

Alderman Keane in moving the Adoption of the resolution said that in the short three years the present City Council has been in office, Alderman Fried was the fourth member to pass away, and that unfortunately, the members of the Council did not have an opportunity to become more intimately acquainted with the late Alderman. He spoke of how after Alderman Fried had filed his petitions for office he had had a physical check-up so that he would be able to campaign vigorously for election. The examination revealed that surgery was necessary. It was sheer determination and willpower that brought him out of the hospital, as it was thought that he would never be able to do so. After leaving the hospital, Alderman Keane had several conversations with Alderman Fried and was most impressed with the brilliance of his mind and the variety of subjects in which he expressed interest. Strength, which he did not possess, was given to him by his desire to be of service to his fellow man and the will to carry on. Shortly after entering the Council he announced his intention of going to visit his daughter because he "felt so well" and that upon his return he was fully determined to participate actively in Council affairs. After his return he decided he needed additional rest and that rest became one for all eternity. In the short space of time in which the Council learned to know him, his apparent sense of deep affection for people, for government, for his City, law and justice was felt by all. In conclusion Alderman Keane said that he felt that Chicago had lost a great and dedicated citizen who could have done so much in helping to solve the problems of the City and particularly for the people of his Ward whom he had wanted to serve to the best of his ability. He asked that all dedicate themselves as the late alderman had to making the world a better place in which to live. He also extended his deepest sympathy to Alderman Fried's widow, Rosalind.

The Chair next recognized Alderman Despres, who stated that death is often cruel and in this particular instance, very cruel. He stated that he had known Alderman Fried well for a number of years, and while he had lived a full life, unfortunately, his life in the Council had been brief. He quoted the incoming Alderman as saying, "This is the happiest day of my life" because he had felt that he was embarking on a new career and that he would have an opportunity to achieve distinction in it. He stated that given the opportunity the Alderman would have been outstanding, that he would have grown, developed and matured and made a tremendous contribution before he had finished. He concluded by saying that the news of Alderman Fried's death saddened all, because opportunity to serve as Alderman had meant so much to him.

The Chair then recognized Alderman Scholl. The Alderman stated that it was his privilege to sit next to the late Alderman. He deplored the fact that Alderman Fried had been unable to attend many meetings because he had wanted to be of service to the people of his ward whom he had deeply loved. He expressed sympathy to the widow and the residents of the 42nd Ward.

Alderman Bilandic also rose to second the resolution, stating that at one time he and Alderman Fried had been adversaries in a legal proceeding, but that since that time they had become close and warm friends. He also said that the people of the 42nd Ward had shown a rare wisdom and foresight in selecting him as Alderman. He characterized him as being an able advocate and a gentleman, a capable and vigorous lawyer, serving his clients with intelligence and integrity, standing head and shoulders above the crowd. He also said that he felt because of his gentlemanly conduct he would have added a new dimension of decorum that would have been fitting and proper for this City Council. He concluded by saying that he would be missed in the 42nd Ward and by all the members of the Council.

On motion of Alderman Keane said proposed resolution was *Adopted,* unanimously, by a rising vote.

### *Court Decisions.*

Also communications from the Law Department addressed to the City Council, signed by Howard C. Goldman and Edmund Hatfield, Assistants Corporation Counsel, and Mervin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

*Curtis Collum, Plaintiff-Appellant, Cross-Appellee, vs. Frank A. Butler et al., Defendants-Appellees, Cross-Appellants, United States Court of Appeals for the Seventh Circuit, Nos. 17329-30-31, Consolidated.* This cause was a suit for damages under the Civil Rights Act brought against three policemen of the Chicago Police Department. Plaintiff was convicted in 1960 of drunken driving and of resisting arrest and claimed damages for alleged beatings at the hands of the three policemen at the station house after his arrest. The Jury returned a verdict for damages of $17,500.00 and said verdict was reduced by the Trial Judge by Remittitur to $6,000.00. Plaintiff appealed and the United States Court of Appeals upheld the District Court's Remittitur.

*Roth vs. Richard J. Daley, Mayor, The City of Chicago and James Y. Carter, Public Vehicle Commissioner, Appellate Court No. 52998.* Plaintiff in this cause had been licensed as an Ambulance Attendant-Driver since 1955 and operated his own ambulance service since 1961. In 1967 new regulations and ordinances were enacted by the City Council. The Public Vehicle License Commissioner denied plaintiff a license because of his conviction in 1950 for armed robbery. Plaintiff then filed a complaint for a declaratory judgment and a writ of mandamus. The Circuit Court held the prohibitions in the ordinance to be void as applied to the plaintiff and issued a mandamus for issuance of plaintiff's license and enjoined the City from interfering with the plaintiff. The Appellate Court upheld the trial court deciding the ordinance was invalid as to the plaintiff and further held that the trial court erred in issuing the writ of mandamus for issuance of the license and remanded with instructions to issue a writ ordering the Commissioner to examine the physical and other qualifications of the plaintiff and then act on the question of the issuance of the license.

*Mid-West Emery Freight System, Inc., et al., Plaintiffs-Appellees, vs. City of Chicago, Defendant-Appellant, Illinois Appellate Court No. 51823.* The Appellate Court reversed the finding of the Circuit Court which held invalid the zoning classification of plaintiff's property at W. 70th Street and S. Pulaski Road. Such widespread opposition was brought to bear that the City Council refused to grant the amendment sought and thus this suit was filed seeking a declaratory judgment. After examination of the multifarious uses in the vicinity, the Appellate Court found that the subject property being located between two large, diverse uses, made it difficult if not impossible as a pratical matter, to say that any zoning classification would be in conformity with the entire surrounding area and therefore the reasonableness of the restriction is fairly debatable and the decision of the municipal authorities must be upheld.

### *Proposed Amendment to Section 136.2 of Municipal Code of Chicago.*

Also a communication from Maurice J. Nathanson, Attorney at Law, addressed to the City Clerk under date of February 24, 1970 transmitting a proposed ordinance to amend Section 136.2 of the Municipal Code of Chicago entitled "Residential Care (Half-Way) Homes", which was *Referred to the Committee on Buildings and Zoning.*

The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described, after removing trees therefrom, shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified streets shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each preceding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices. The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R. S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

*Asphaltic Concrete Surface Course, Fine Dense Graded Aggregate Type*

The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival, the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller of a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three (3) wheel roller of a tandem roller. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

After having been tested for density and approved by the Engineer, the previous layer shall be raked to a depth of one inch and dampened with water immediately prior to placing the succeeding layer so that the layers are in it together. The second layer must be placed the same day as the first layer. The Engineer of the Board of Local Improvements shall determine when the base course shall be constructed in one or more lifts. When placed, the pozzolanic mixture shall be free from segregation and shall require minimum blanding and manipulation. Immediately after placing, the mixture shall be compacted with a pneumatic-tired roller, or with a vibratory compactor, or with a combination of the two. The base course, shall be given a final rolling with a three wheel or tandem roller. The Engineer may make such changes in proportions during the progress of the work as he may consider necessary.

(e) *Samples and Tests.*

A ½ gallon sample of the bituminous aggregate mixture for each 5,000 tons produced, shall be taken by the Engineer for extraction tests. A minimum of three samples shall be submitted. The sample shall be a composite sample taken from at least 5 trucks. A one-quart sample of the bituminous material being used shall be taken by the Engineer at the same time the bituminous aggregate mixture sample is taken. The sample shall be taken from the line leading to the asphalt bucket or pug mill spray bar or directly from the asphalt bucket or spray bar. Tenant shall at its own cost and expense procure and maintain in full force and effect during the term of this Sublease policies of insurance of the types and in amounts reasonably required by American in light of the nature of Tenant operations with responsible insurance carriers duly qualified in Illinois, covering the operations of Tenant pursuant to this Sublease, including the use or occupancy of the Demised Premises or any part of the Premises demised to American by the City of Chicago. In the event American should at any time during the term of this Sublease consider that changes should be made in the amounts and/or coverages, Tenant will accede to any such reasonable requests.

American shall be named as an insured in such policies which shall contain standard cross liability clauses. Tenant shall cause the liability assumed under this Agreement, to be specifically insured under the contractual liability section of the Liability Insurance Policies. Such policies shall require that American be given not less than thirty (30) days' prior written notice of any cancellation thereof or material change therein.

Tenant will provide American with Certificates of Insurance, evidencing all of the above coverages, including all special requirements specifically noted, prior to commencement of the services under this Agreement and further, shall provide American with Certificates of Insurance evidencing renewal or substitution of such insurance thirty (30) days prior to the effective date of such renewal or substitution.

13. *Statutes and Ordinances*

16. *Liens*

Tenant shall not permit the placement of any lien on the Demised Premises.

17. *Destruction of the Premises*

If the Demised Premises shall be destroyed or so damaged as to become wholly or substantially untenantable by reason of fire or other casualty, American may elect to terminate this Sublease as of the date of destruction or damage, or repair the Demised Premises and equitably abate the rent payable hereunder until the Demised Premises are fully repaired. Within thirty (30) days after such destruction or damage, American shall notify Tenant in writing of its decision.

18. *Remedies for Default*

If American defaults in the performance of any of its obligations hereunder, Tenant may terminate this Sublease upon thirty (30) days' prior written notice to American specifying the default. Such notice shall be ineffective and deemed rescinded if American remedies or commences to remedy the default within thirty (30) days following receipt thereof.

If Tenant defaults in the performance of any of its obligations hereunder, American may provide Tenant a written notice specifying the default. If Tenant fails to remedy or commence to remedy such default within thirty (30) days after receipt of such notice, or if such notice relates to the payment of money, Tenant fails to pay the amount set forth in such notice within ten (10) days after receipt thereof, American may (i) enter and occupy the Demised Premises and remove all persons therefrom, either by suitable action or proceedings at law, by force, or otherwise, or (ii) perform Tenant's obligations in which event Tenant agrees to reimburse American therefor, or (iii) give Tenant at least one (1) day's advance written notice of American's election to end the term of this Sublease in which event the term of this Sublease shall expire on the day specified in such notice. American shall not be obligated to relet the Demised Premises after default and Tenant shall be liable to American for the entire rent for the remainder of the period which would have constituted the remaining term in the absence of default to the extent that the Demised Premises, or any part of them, are not relet. Mention in this Sublease of any particular remedy, shall not preclude American from any other remedy either in law or in equity.

19. *Surrender of Premises*

At the expiration or earlier cancellation or termination of this Sublease, Tenant shall surrender the Demised Premises and all alterations or additions thereto to American in good condition, reasonable wear and tear excepted. To the extent requested by American, Tenant shall remove all alterations and additions to the Demised Premises and return the latter to the same conditions as existing prior to the commencement of the term of this Sublease, reasonable wear and tear excepted.

20. *Subordination of Sublease*

This Sublease shall in all respects be subordinate to the applicable provisions of the Basic Lease and the Airport Agreement and no provision hereof shall be construed as granting rights or privileges which are not granted to American in the Basic Lease or Airport Agreement. In the event American should at any time during the term of this Sublease consider that changes should be made in the amounts and/or coverages, Tenant will accede to any such reasonable requests.

American shall be named as an insured in such policies which shall contain standard cross liability clauses. Tenant shall cause the liability assumed under this Agreement, to be specifically insured under the contractual liability section of the Liability Insurance Policies. 16. *Liens*

Tenant shall not permit the placement of any lien on the Demised Premises.

17. *Destruction of the Premises*

If the Demised Premises shall be destroyed or so damaged as to become wholly or substantially untenantable by reason of fire or other casualty, American may elect to terminate this Sublease as of the date of destruction or damage, or repair the Demised Premises and equitably abate the rent payable hereunder until the Demised Premises are fully repaired. American shall not be obligated to relet the Demised Premises after default and Tenant shall be liable to American for the entire rent for the remainder of the period which would have constituted the remaining term in the absence of default to the extent that the Demised Premises, or any part of them, are not relet. *Section 2.04—Indemnity.* Nine-Ten covenants and agrees to keep said premises and improvements situated thereat free and clear of any and all liens in any way arising out of the use thereof by Nine-Ten.

Nine-Ten shall assume all risks incident to or in connection with its business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Airport and shall indemnify, defend and save harmless the City, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the City, Nine-Ten, or any of their agents or employees.

City shall not be liable to Nine-Ten for damage to property of Nine-Ten or any loss of revenues to Nine-Ten resulting from City's acts, omission or neglect in the maintenance and operation of the Airport facilities.

### ARTICLE III

The term of this Lease shall be for a period commencing on the date hereof and terminating on December 31, 1979.

### ARTICLE IV

Nine-Ten shall, on or before the first day of each calendar month during the term hereof, pay to City, at the office of the Comptroller of the City of Chicago, (hereinafter referred to as "Comptroller"), a monthly rental of Six Hundred Sixty-seven and 50/100 Dollars ($667.50), predicated on a rate of Twelve Cents ($0.12) per square foot per annum.

It is understood that the foregoing rental may, at the sole determination of the Comptroller, be modified in direct proportion to the revision in rental payments due the Board of Education as may be determined in accordance with amendment passed by the City Council December 3, 1964 (C.J.P. pps. 3458-3459), to the lease between the City of Chicago and the Board of Education, whereunder city operates Chicago Midway Airport.

Notwithstanding the foregoing, if any rental commences otherwise than as of the first day of any month or terminates prior to the last day of any month, rental for such month shall be determined on a prorata basis according to the number of days of such month involved, and any required payment or refund for such month shall be made as promptly as practicable.

When Nine-Ten or its affiliated companies service aircraft owned by, leased to or under control of Nine-Ten or its affiliated companies with fuel, Nine-Ten shall pay to City as additional rental, Three Cents ($0.03) per gallon for every gallon of aviation fuel serviced. Payment is to be made, at the office of the Comptroller, on or before the fifteenth (15th) day of the following month, accompanied by a statement (original to Comptroller with copy to Commissioner) identifying the supplier and listing the number of gallons of aviation fuel serviced daily and in total during the preceding month. Negative statements are to be submitted in duplicate monthly when no aviation fuel is serviced.

Nine-Ten shall pay, in addition to the rents above specified, all water rates, taxes and assessments, general and special, lawfully levied or assessed upon the demised premises, or any part thereof, or upon any buildings or improvements at any time situated thereon, or lawfully levied or assessed upon the leasehold interest created hereby, during the term of this lease.

### ARTICLE V.

*Section 5.01—Construction, Maintenance and Repair by Nine-Ten.* Nine-Ten shall construct or install on the demised premises, at its own expense, any buildings, improvements (including pavements), facilities and equipment, and any additions thereto, reasonably necessary or convenient in connection with any use, permitted under the provisions of this Lease, by Nine-Ten and its affiliated companies of the demised premises. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation and Commissioner of Public Works prior to the commencement of construction or installation.

Nine-Ten shall keep and maintain all buildings, improvements and facilities and additions thereto constructed or installed by it on the demised premises in good condition and repair, reasonable wear and tear excepted. No restrictions shall be placed on Nine-Ten as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such buildings, improvements, facilities and additions.

Notwithstanding the foregoing, Nine-Ten shall keep the demised premises and all construction and installation made thereon by Nine-Ten in a sanitary and sightly condition, and shall comply with all health and safety requirements applicable thereto.

*Section 5.02—Lighting.* Nine-Ten shall illuminate the apron in front of each hangar building on the demised premises with flood lights and shall place and maintain at all times red obstruction lights on the highest point and on each corner of each building on the demised premises and on the highest point of each smoke stack, pole, aerial and antenna on the demised premises. Obstruction light fixtures shall be installed and operated in accordance with Federal Aviation Administration standards and regulations, as provided in Federal Aviation Administration publication entitled "Obstruction Marking and Lighting", dated September, 1962, and as may be hereafter revised and amended.

*Section 5.03—Performance by City upon Failure of Nine-Ten to Maintain.* In the event Nine-Ten fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article V to be performed by Nine-Ten, City may enter the premises involved (without such entering causing or constituting a termination of this Lease or an interference with the possession of said premises by Nine-Ten) and do all things necessary to perform such obligation, charging to Nine-Ten the cost and expense thereof and Nine-Ten agrees to pay City such charge in addition to any other amounts payable by Nine-Ten hereunder; provided, however, that if Nine-Ten's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Nine-Ten, City may perform such obligation of Nine-Ten at any time after the giving of such notice and charge to Nine-Ten, and Nine-Ten shall pay, as aforesaid, the cost and expense of such performance.

*Section 5.04—Access by City.* Nine-Ten shall allow City, its officers, agents or employees, free access to the demised premises for the purpose of examining the same to ascertain if Nine-Ten is performing its obligations hereunder with respect thereto.

*Section 5.05—Quiet Enjoyment.* City agrees that Nine-Ten, performing its obligations hereunder, shall be entitled to and shall have the quiet possession and enjoyment of the premises, rights and privileges leased to it hereunder, subject, however, to the provisions hereof.

*Section 5.06—Notice.* It is understood and agreed that prior to commencement of construction, the plans therefor shall be submitted to the Federal Aviation Administration, pursuant to Title 14 CFR Part 77. Evidence of such submission and action thereon shall be attached hereto.

### ARTICLE VI

Nine-Ten shall not, without prior approval of the City Council and the Commissioner of Aviation, assign, sublease, or transfer this lease, nor any share, part or interest therein, nor any of the rights or privileges granted hereby, except to companies affiliated with Nine-Ten, nor enter into any contract requiring or permitting the doing of anything hereunder by an independent contractor unless otherwise expressly provided herein.

### ARTICLE VII

Nine-Ten shall not attach, affix, or permit to be attached or affixed, upon the premises, or if so attached or affixed, relocate, replace, alter or modify, without the consent in writing in each instance of the Commissioner first had and obtained, any flags, placards, signs, poles, wires, aerials, antennae, improvements or fixtures, in connection therewith Commissioner may require submission of proposed designs, floor plans, construction plans, specifications and contract documents therefor and if then approved may incorporate all or part thereof within this Lease as attachments thereto.

### ARTICLE VIII

Nine-Ten, at the expense of Nine-Ten, shall keep in force, during the term of this Lease, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by the Comptroller for the protection of City and/or Nine-Ten. Insurance requirements hereunder shall be subject to the sole determination of the Comptroller.

Said insurance may include, but need not be limited to, insurance coverages commonly known as, or similar in kind to, Public Liability, Products Liability, Property Damage, Fire and Extended Coverage, Workmen's Compensation, Scaffolding Act, and such other insurance coverage as deemed required in the sole determination of the Comptroller. All policies or endorsements thereto shall in all cases where possible name City as co-insured thereunder.

Upon approval by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Nine-Ten shall deliver all policy originals or duplicate originals and endorsements thereto to the Comptroller. In any event, Nine-Ten is not to commence to exercise any of the rights and privileges granted under this Lease until such time as all insurance directed and required to be furnished by Nine-Ten is in full force and effect.

Nine-Ten expressly understands and agrees that any insurance protection furnished by Nine-Ten hereunder shall in no way limit its responsibility to indemnify and save harmless City under the provisions of Article II of this Lease.

### ARTICLE IX

Nine-Ten, its officers, agents, employees, and any other persons over which Nine-Ten has control, shall comply with all lawful rules and regulations and amendments or supplements thereto governing or related to the use of the Airport or of the demised premises as may from time to time be promulgated by City in the interests of health, safety, sanitation and good order which are not inconsistent with applicable rules and regulations of any Federal, State or local governmental body having jurisdiction with respect thereto.

Nine-Ten shall at all times faithfully obey and comply with all lawful present and future laws and ordinances of Federal, State or local governmental bodies and rules and regulations lawfully promulgated thereunder, whether or not of the type enumerated, applicable to, or affecting Nine-Ten and its affiliated companies and its operations and activities in the demised premises or elsewhere at the Airport not inconsistent with the provisions of this Lease.

### ARTICLE X

This Lease shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois, or in any other public office, by Nine-Ten or any one acting for Nine-Ten and that if the same be so filed, this Lease and each and every provision hereof shall, at the option of City, be and become absolutely null and void and City may declare such filing a breach of this Lease.

### ARTICLE XI

In any of the following events, City, at any time hereafter, shall have the right at City's election immediately to terminate this Lease.

In the event Nine-Ten shall fail to pay the rent in the amounts and at the times and in the manner herein provided and such failure shall continue for fifteen (15) or more days after written notice thereof shall have been given to Nine-Ten.

In the event Nine-Ten or its affiliated companies shall fail to keep and perform or shall violate the terms, covenants and conditions of this Lease on its part to be kept and performed, and Nine-Ten shall not have cured or corrected such failure or violation within thirty (30) days after written notice thereof shall have been given to Nine-Ten.

If Nine-Ten shall make an assignment for the benefit of creditors, or shall file a petition in bankruptcy, or shall be adjudged a bankrupt, and such adjudication be not stayed or vacated within 90 days thereafter, or the interest of Nine-Ten under this Lease shall be levied upon and sold upon execution or shall by operation of law become vested in another person, firm or corporation because of the insolvency of Nine-Ten; or in the event that a Receiver or Trustee shall be appointed for Nine-Ten or the interest of Nine-Ten under this Lease, and such appointment has not been vacated within 90 days thereafter.

In the event Nine-Ten shall vacate or abandon said premises, or shall permit the same to remain vacant or unoccupied without the consent of City first had and obtained.

### ARTICLE XII

Upon the occurrence of any one or more of the events of default herein specified, Nine-Ten's right to possession of the demised premises shall terminate and Nine-Ten shall surrender possession thereof immediately. In such event Nine-Ten hereby grants to City full and free license to enter into and upon said premises, or any part thereof, to take possession thereof with or without process of law, and to expel and remove Nine-Ten or any other person who may be occupying the said premises, or any part thereof, and City may use such force in and about expelling and removing Nine-Ten and said other person as may reasonably be necessary; and City may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause a forfeiture of rents due by virtue hereof, nor a waiver of any covenant, agreement or promise in said lease contained, to be performed by Nine-Ten. Nine-Ten shall make no claim of any kind against City, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Lease, City may sue for and recover all damages and rent accrued or accruing under this Lease or arising out of any breach thereof.

City may, if it so elects, pursue any other remedies provided by law for the breach of this Lease or any of its term, covenants, conditions or stipulations. No right or remedy herein conferred upon or reserved to City or Nine-Ten is intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy given hereunder, or now or hereafter existing at law or at equity or by statute.

The acceptance of rent by City, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Nine-Ten, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of City's right to act or of any other right hereby given City, or as an election not to proceed under the provisions of this Lease.

The obligation of Nine-Ten to pay the rent reserved hereby during the balance of the term hereof shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment of any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Nine-Ten's right to possession of the demised premises. City may collect and receive any rent due from Nine-Ten, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which City may have by virtue hereof.

### ARTICLE XIII

Upon termination of this Lease by lapse of time or otherwise as herein provided, Nine-Ten agrees to surrender the demised premises and the building and improvements situated thereon in good condition and repair without the receipt of any demand for rent, notice to quit or demand for possession whatsoever.

Nine-Ten shall be entitled during the term of this Lease and for fifteen (15) calendar days after termination thereof, to remove from the premises any and all trade fixtures, tools, machinery, equipment, materials, and supplies placed thereon by it pursuant to this Lease, subject, however, to any valid lien City may have thereon for unpaid rentals or other amounts payable by Nine-Ten to City, and provided that Nine-Ten shall have repaired all damage resulting from said removal.

Nine-Ten shall be deemed to have abandoned to City any of said equipment or property of Nine-Ten which it has failed to remove from said premises within the aforesaid fifteen (15) calendar days after the end of the period of this Lease or effective date of termination thereof, unless City shall grant in writing a further period for this purpose.

### ARTICLE XIV

In the event the City is prohibited from operating the airport for private and commercial use by any governmental order, rule, statute or other law, the rent provided for herein shall abate during such period of prohibition.

### ARTICLE XV

This Lease shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

### ARTICLE XVI

Notices to City provided for herein shall be sent by registered or certified United States mail, postage prepaid, addressed to the Commissioner of Aviation of the City of Chicago, City Hall, Chicago, Illinois, 60602, and notices to Nine-Ten provided for herein shall be sent by registered or certified United States mail, postage prepaid, addressed to Nine-Ten Corporation ........................ .............................................. or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time, and such notices shall be deemed to have been given when so sent.

Premiums on said insurance shall be payable out of revenues from the demised premises.

*Section 6.02. Insurance in Connection with Construction.* City shall, until the date upon which the completion of the improvements to be constructed by City as provided in Section 1.02 hereof and as certified by the Consulting Engineer, keep in force insurance issued by a responsible insurance company or companies, insuring City and Lessees, as their interests may appear, against all liabilities for public liability or property damage arising out of or of the demised premises in amounts of comprehensive insurance not less than those provided in Section 6.01 hereof, and insuring such improvements during the construction under completed builder's risk insurance, against fire, extended coverage and vandalism in an amount equal to the full insurable value of such construction as the same progresses in order to assure continuity of construction and ultimate completion despite damage or destruction suffered during the course thereof. City may cause such insurance to be effected in whole or in part by the contractors performing the construction work, but, in any event, the cost of such insurance shall be deemed a part of the cost of construction of such improvements.

*Section 6.03. Casualty Insurance and Proceeds.* The Motor Vehicle Parking Facility to be constructed by City hereunder on the demised premises, shall be insured at all times, on and after the date upon which completion thereof is certified by the Consulting Engineer and during the term hereof, under a so-called "fire and extended coverage policy or policies", issued by a responsible insurance company or companies, which policy or policies shall specifically insure against loss or damage by fire, lightning, collision, explosion, strikes, riots, civil commotions, malicious damage, tornado and windstorm in an amount equal to 100% of the replacement value thereof without deduction for depreciation and shall include coverage against loss of rental or other income as a result of any interruption in the operations of such improvements due to any such causes. Such insurance policies shall be taken out and maintained by City, but payable only out of revenues of the Airport as an operation and maintenance cost. Prior to the taking out of such policy or policies, City shall advise the Airline's Representative of the insurance policies proposed to be taken out by City and the cost and coverage thereof and may receive objections of such Representative with respect to the proposed insurance. All such insurance policies shall name as insureds thereunder City, Lessees, and any operator selected by City to operate any part of the demised premises, and shall provide that proceeds of such insurance shall be payable to City and such policies shall be delivered to the City Comptroller of City.

Immediately after any substantial damage to or destruction of any part of the Motor Vehicle Parking Facility the City will cause the Consulting Engineer to prepare or approve plans, specifications and estimate of cost for repairing or replacing the damaged or destroyed property (either in accordance with the original or of a different design if approved by the Airline's Representative), and to file copies of such estimate with the Treasurer, City Comptroller and Depositary provided for under the Revenue Bond Ordinance. The proceeds of all insurance referred to hereinabove shall be available for and to the extent necessary be applied to the repair, replacement or reconstruction of such damaged or destroyed property, and shall be disbursed in accordance with the provisions of Section 3.01 of the Revenue Bond Ordinance.

In the case of any damage to or destruction of any part of the Motor Vehicle Parking Facility, if the cost of renewing, replacing or reconstruction of the damaged or destroyed property, as estimated by the Consulting Engineer, shall not exceed the proceeds of insurance and other moneys available for such purpose, the City will forthwith commence and diligently proceed with the immediate repair, replacement or reconstruction of the damaged or destroyed property according to plans and specifications prepared or approved by the Consulting Engineer.

If such proceeds are more than sufficient for such purpose, the balance remaining upon completion of the renewing, repairing or restoration of the damaged or destroyed property shall be by order of the City Comptroller deposited by the Treasurer to the credit of the Sinking Fund Account. If such proceeds shall be insufficient for such purpose, the deficiency shall be supplied by the City from any moneys in the Reserve Maintenance Account created by Section 5.02 of the Revenue Bond Ordinance to the extent there are funds available for that purpose in said Account.

The proceeds of any such insurance received on account of damage to or destruction of any part of the Motor Vehicle Parking Facility which are not applied or committed within eighteen (18) months after their receipt by the City to renewal, replacement or reconstruction of such damaged or destroyed property (unless it has been prevented from so doing because of conditions beyond its control) after deducting demolition expenses, shall be credited by the Treasurer on order of the Comptroller to the Sinking Fund Account created by Section 5.03 of the Revenue Bond Ordinance, but if at the time no Approved Revenue Bonds are outstanding said proceeds shall be deposited in the Improvement Account, as defined in Section 16.04 of the Airport Use Agreement.

## ARTICLE VII.

### *Abatement.*

In the event that during the term hereof the Airport shall be closed for any period of time for the landing or taking off of all turbo jet powered aircraft operated by Lessees, which at the time are landing or taking off, in the course of normal operations, at one or more airports having facilities similar to those at the Airport, by any order or direction of the City or any other governmental authority or agency, or by any order or direction of any court of competent jurisdiction, then to the extent but only to the extent that sufficient moneys are then held to the credit of the Emergency Reserve Account under the Revenue Bond Ordinance, the rentals provided herein as payable by each Lessee shall abate for the period of such closing as hereinafter provided.

In the event there are not sufficient moneys at the time to the Credit of the Emergency Reserve Account available for use under the Revenue Bond Ordinance in an amount equivalent to the amount of rentals to be abated pursuant to the foregoing provisions of this Article and pursuant to similar provisions for the abatement of rentals under any other leases of premises at the Airport between

City and any scheduled air transportation company, then the abatement of rentals pursuant to this Article and pursuant to the provisions of such other leases shall be proportionately decreased so that the aggregate amount of all such abatements shall not exceed the moneys at the time to the credit of the Emergency Reserve Account which are available for use under the Revenue Bond Ordinance.

### Tribute Paid to Late Patrolman Thomas J. Kelly.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His infinite wisdom, has called to his eternal reward, on March 3, 1970, Chicago Patrolman Thomas J. Kelly, who was shot to death while on duty with his partner, Patrolman Thomas C. Neustrom; and

WHEREAS, Patrolman Thomas J. Kelly was a graduate of St. Rita's High School; he attended Bogan Junior College; he served in the U.S. Marine

Corps and was a member of the Marine Corps Reserve; and

WHEREAS, Patrolman Thomas J. Kelly was only 26 years old; during his four short years of service with the police force he earned 20 Honorable Mentions recognizing his exemplary professionalism and devotion to duty. On March 3, 1970, Patrolmen Thomas J. Kelly and Thomas C. Neustrom, while assigned to Task Force Area 1 duty, stopped a traffic violator and, while making a routine search of the vehicle, one of the occupants drew a revolver and opened fire on the two Officers, fatally wounding Patrolman Kelly and critically wounding Patrolman Neustrom. After the shooting, the occupants of the car fled and Patrolman Neustrom, although wounded, fired at the assailants and then managed to radio for help; and

WHEREAS, Patrolman Thomas J. Kelly died because of this wanton and senseless act of violence; Patrolman Thomas C. Neustrom, seriously wounded, escaped death only because the killer's gun was empty; in carrying out their routine responsibilities of protecting lives and property of the people of our City, Patrolman Kelly and Neustrom present yet another dramatic example of heroism and dedication to duty to be added to the annals of police bravery; now, therefore,

*Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this Twenty-fifth day of March, 1970, together with all the people of the City, by this Resolution spread upon the Record of Proceedings of the City Council, hereby express their deep sense of obligation, profound regret and mourning upon the death of Patrolman Thomas J. Kelly, and express their sincere sympathy to his father and mother John and Anne Kelly and to his two brothers Jack and Robert Kelly, and further express their gratitude and appreciation to Patrolman Thomas C. Neustrom, who was wounded; and,

*Be It Further Resolved,* That as a mark to the respect of his memory, a suitable copy of this Resolution be presented to the family of Patrolman Thomas J. Kelly; and that a copy also be presented to Patrolman Thomas C. Neustrom.

Alderman Staszcuk moved to *Suspend the Rules Temporarily,* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Staszcuk (seconded by Alderman Sheridan) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

#### *Court Decisions.*

Also communications from the Law Department addressed to the City Council, signed by John J. George, Richard F. Friedman, Edmund Hatfield and Howard C. Goldman, Assistants Corporation Counsel, and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

*Harvey L. Kerr, Plaintiff-Appellant, vs. City of Chicago, John Mohan, William Boyd, Wesley Broderson, George Poplaski, Edmund Dobbs and Bruce Thompson, individually and as Police Officers of the City of Chicago, Defendants-Appellees, U. S. Court of Appeals for 7th Circuit, No. 17345.* This was an action for damages under the Civil Rights Act brought by plaintiff Harvey L. Kerr as a result of his being arrested for murder and robbery. He was tried on the murder charge but released because of a hung jury. After a second trial he was again released because of the U.S. Supreme Court "Escobedo" and "Miranda" decisions. The District Court dismissed the City as a party defendant and held the "Escobedo" and "Miranda" rulings not retroactive, concluding with a verdict for all defendant police officers. The Appeal Court affirmed the dismissal of City as a party defendant but reversed the jury finding in favor of the six policemen and remanded the case for a new trial. Affirmed in part and reversed and remanded with directions.

*Linnear v. White, U. S. Court of Appeals, 7th Circuit, No. 17776.* Plaintiff brought this appeal from an order of the District Court denying plaintiff's motion to reinstate his action against defendant. The attorney for plaintiff died four days after filing a complaint in the District Court and charged defendant, a Chicago policeman, with violation of his civil rights. On April 28, 1969, defendant moved for dismissal of the complaint because of failure of plaintiff to answer interrogatories and deposition. This motion was granted Ex Parte next day. Plaintiff's new attorney moved to reinstate complaint and said motion was denied. Hence the appeal. The higher court ruled that plaintiff should have his day in court. Accordingly, decision of the District Court is reversed and remanded with directions to reinstate plaintiff's action.

*Evans v. Daley, Illinois Appellate Court No. 53535.* This appeal taken by defendant, City of Chicago from judgment granting plaintiff Marth Evans a writ of mandamus compelling issuance of a Liquor License. In 1936, licensee's liquor license was revoked for solicitation for purposes of prostitution. Upon application for renewal, same was denied by the Local Commissioner. The trial court should have granted defendant's motion to dismiss; therefore, the Appellate Court reversed the judgment and remanded the cause with directions to dismiss the complaint.

*Manger et al. v. City of Chicago, Appellate Court of Illinois, First District, No. 53344.* This action was a reversal of the judgment of the Circuit Court of Cook County by the Appellate Court of Illinois which held invalid the zoning ordinance concerning plaintiff's property of S. Wood Street between W. 95th and W. 96th Streets. Plaintiff sought a declaratory judgment to improve the property consistent with zoning for an R4 General Residence District. The Rock Island Railroad runs the length of S. Wood Street in this area and divides two zoning classifications (R4 on the east side of the street and R1 on the west). Judgment of the Circuit Court reversed.

### *Recommendations by Commissioner of Development and Planning and Zoning Administrator Pertaining to Specified Amendments to Chicago Zoning Ordinance.*

Hill, Commissioner of the Department of Development and Planning under date of March 24, 1970, showing recommendations of the Commissioner and the Zoning Administrator concerning zoning amendments for which a public hearing was held on March 19, 1970 in accordance with provisions of Section 11.9-4 of the Chicago Zoning Ordinance as passed by the City Council on January 31, 1969.—*Placed on File.*
